About the beer...

To commemorate the 30th anniversary of Specialty Imports, Midnight Sun Brewing Company brewed a very special beer—a black double IPA.

This incredibly smooth yet exquisitely hoppy beer celebrates the long-term success of an Alaska-owned and -operated business that has imported and distributed fine wine and specialty beers since 1979.

Two versions of this beer will be produced and presented in 2009: the original beer will debut in January with an oak-aged version to be released in September.

This 30th Anniversary “Specialty Beer” will be available in retail bottle shops throughout Alaska with limited draft kegs on tap in Anchorage.

**Cheers to Specialty Imports...
and the next 30!**
